## Afterword

Hi everyone! My name's Fusa Shiro  
Thank you so much for picking up this book

Since this story is centered around lawyers and prosecutors, I had to do a lot of background research, as I really didn't know anything about these professions. There might still be some mistakes in the manga. If you find any, please let me know (lol)

On an unrelated note, I'd be very happy if you enjoyed this story about men who are generally considered to be highly competent elites, but who are completely befuddled by love. Furthermore, the bizarre friendship between Gensou and Misa Seiki (by now they're almost like gal pals) is lots of fun too (lol)

Well then, with this cliffhanger, the story continues in volume two. Please keep on reading!
